Latest Work: Triple Bill

"I love Corali's work anyway, and know to expect innovative, high quality dance, and this performance was yet another step forward "

Deborah Bestwick, Director Ovalhouse

We were delighted to sell out at our triple bill as part of the FIRST BiTES programme at Ovalhouse. We presented two new solo works and one ensemble piece all the result of thorough research and development and collaboration with other artists from different art form backgrounds.

Coralie will present Kick Up's, our new ensemble work, and a piece inspired by Bethan's art work from our regular professional development class. A rare chance to see different aspects of Coralie's performance work all on the same night!

Coralie performer Paul is a current member of the National Youth Dance Company (NYDC).

They recently premiered their new work on the Sadler's Wells main stage. The show was excellent and Paul was amazing.

Coralie is running our Dance and Performance course in partnership with [Morley College](#) for 10 weeks from 26 April.

This year the course is being delivered by Coralie's performers and is a chance to share how we work with 12 students with and without disabilities.

Images and performances will be shown as part of the college's dance showcase 6 July at 7.30pm
